# Code 3 Associates – Technical Animal Rescue

Certified in partnership with Colorado State University & Colorado State University Veterinary Teaching Hospital

## Code 3 Associates

Code 3 Associates, Inc. has conducted recognized animal related law enforcement and disaster training throughout the United States for over 25 years.

Code 3 Associates offers training in animal disaster response, animal cruelty investigations and equine cruelty investigations, among a variety of other courses related to law enforcement and disaster services for animals. All trainings and academies are nationally recognized, most providing accreditation through Colorado State University.

Code 3 Associates also offers hands-on animal rescue and care operations during disaster events in the United States and Canada. Disaster relief operations include a team of well trained volunteers and an 82 foot tractor-trailer equipped to respond to animal rescue needs at disaster events.

### Tuition, Registration & Payment:

The tuition for the Technical Animal Rescue is \$425 (\$215 for recertification).

To register, please call 303.772.7724. Registration should be received at least 15 days prior to class start date.

**A 25% fee will be assessed on any cancellation made within 15 days prior to the start of course.**

## TAR Technical Animal Rescue

Rescuing an animal should not place the rescuer at undue risk. The Technical Animal Rescue (TAR) course is an intensive three-day, hands-on course that gives instruction on how to rescue an animal without becoming a victim. Participants are instructed in rescuing frightened, trapped or injured animals using specialized techniques and equipment, as well as “ready at hand” equipment. The TAR course covers the basics of incline rope and water rescue of people and animals. Knots, rigging, rope work and equipment for low-angle rescue, as well as techniques for working in flat and slow current water will be demonstrated and practiced.

This class is certified through Rescue 3 International and taught by certified instructors.

## Participants Must Have:

- ★ Personal flotation device (PFD)
- ★ Dry suit
- ★ Thick-soled water booties or sneakers
- ★ Water or climbing helmet (this must cover the back of the head and drain water)
- ★ Heavy/sturdy gloves for climbing
- ★ Hiking boots

## Who Should Attend

Personnel such as animal control officers, humane officers, animal welfare workers, fire and rescue disaster workers, law enforcement officers, veterinary professionals and anyone who may be called to assist animals in trouble is encouraged to take this three-day course.

## Credit:

Upon successful completion of this academy (average score of 70% or above on individual course tests & demonstration of skill proficiency) students will receive a certificate of completion and may apply for continuing education credits (CEU's) from Colorado State University. Veterinary professionals may receive CEU's from Colorado State University Veterinary Teaching Hospital.
