National Animal Control & Humane Officer Academy (NACHO) Certified Animal Control & Cruelty Investigations Training Module C - March 20-24, 2017 - Dallas, TX

Code 3 Associates and National Animal Care & Control Association (NACA) have formed a partnership to deliver a new higher standard in animal care and cruelty investigation training. This partnership will streamline and continue to set the standard for the way animal control, law enforcement and humane officers receive training by combining Code 3's Cruelty Investigators Academy and NACA's National Animal Control Officer Training Academy.

The National Animal Control & Humane Officer Academy (NACHO) is intended for a wide variety of professionals including animal cruelty investigators, animal control officers, veterinary professionals, animal welfare workers, members of animal rescue groups & others who are responsible for the care and control of animals and the investigation of animal cruelty cases. The NACHO curriculum consists of three 40 hour modules, each providing instruction in all aspects of animal control and animal cruelty investigations. We recommend Module A be taken first, and modules B and C may be taken in any order.

Upon successful completion of this academy (cumulative average score of 80% or above) students will receive a certificate and are eligible to apply for continuing education credits (CEUs) from Colorado State University. Veterinary professionals are eligible to apply for CEUs from Colorado State University Veterinary Teaching Hospital.

The NACHO Academy will continue the exemplary Code 3 standard of outstanding faculty who are qualified to teach the various subjects, not only by knowledge but also by experience. All of our faculty have "been there and done that".

The NACHO faculty includes Gary P. Maddox Ph.D., Charlotte J. Robinson D.V.M., Jim Boller, Krista Kurvers, Belinda Lewis, Debby MacDonald, and Nan M. Stuart.

MODULE C includes

- ★ Large Scale Impounds & Disaster Planning with disaster scenario tabletop exercise
- ★ Animal Hoarders with tabletop exercise
- ★ Recognizing & Responding to Clandestine Labs
- ★ High Volume Breeders & Commercial Animal Sales
- ★ The Cycle of Violence
- ★ Exotics & Wildlife Identification
