

ANIMAL FIRE TRAINING, EVACUATION & RESCUE (AFTER)

MARCH 22, 2023

VIRTUAL
9AM-3PM MST

This six-hour course will provide animal responders with the basic knowledge and safety skills needed to integrate with firefighters within the urban interface of wildland fire. It will also give seasoned firefighters insight for dealing with animal rescue during fire events

Instruction includes:

- Introduction to Wildland Fire Behavior with focus on the Interface
- The Human Aspect of Fire Awareness
- Scene Assessment for Animal Rescue Evacuation and Safety

WiFi connection and computer with speaker and camera capabilities are needed for class

A link to the training will be provided to registrants during the week prior to class, as well as the class materials for the participant to have before class. All items will be emailed to the address listed on the registration.
