WARRANTS FOR ACO'S

Since Animal Law Enforcement Officers are often not trained in writing affidavits and preparing warrants, they are usually intimidated by the word “warrant.” This class is designed to alleviate that intimidation and show officers the step by step process of warrant preparation, executing the warrant and maintaining proper chain of custody with “living” evidence (animals).

Through case examples we will discuss and show how to establish probable cause in general neglect situations, animal hoarding complaints, caught on video scenarios, abandoned animal calls, cockfighting and information received from veterinarians.
