LIVESTOCK TRAILER ACCIDENTS

Livestock trailer accidents can present complex and challenging scenarios for responders. This comprehensive training course is designed to equip participants with the knowledge and skills to respond effectively and safely to such emergencies.

Course Includes:

- Initial assessment and safety precautions
- Animal extraction strategies and tactical considerations
- Temporary containment methods and group unloading techniques.
- Decision-making for injured animals and humane considerations
- Livestock injury and pain analysis and veterinary involvement
- Vital signs for animal assessment and critical observations
- Effective and humane methods for calming and moving animals during emergencies

Time: 9:00 am – 11:00 am Mountain Time Zone

Cost and Registration: \$25.00 per student; register online at www.code3associates.org
