

NOVEMBER 6, 2024 SHELTERING REPTILES IN A MAMMAL WORLD

Sheltering Reptiles in a Mammal World

This course is ideal for animal shelter staff, volunteers, and anyone involved in animal rescue and welfare who wishes to enhance their knowledge and skills in caring for reptiles. No prior experience with reptiles is necessary, but a commitment to animal welfare and an interest in expanding one's expertise are essential.

- Understand the specific needs and welfare requirements of common reptile species in shelters.
- Accurately identify different reptile species and provide species-specific care.
- Create and maintain proper housing and environments for reptiles.
- Recognize signs of abuse or neglect and know the steps for rehabilitation.
- Be familiar with the unique veterinary care
- Understand Reptile Needs: Learn about the unique requirements of snakes, lizards, turtles, and more.

Join us in making a difference in the lives of reptiles! Your dedication to animal welfare is invaluable, and together, we can enhance the care and support provided to these unique animals.

Time: 9:00am – 11:00am Mountain Time Zone

Cost and Registration: \$25.00 per student, register online at www.code3associates.org
